RÉSUMÉ – During the campaign i promised to make america great again by bringing businesses and jobs back to our country. i am very proud to see companies like chrysler moving operations from mexico to michigan where there are so many great american workers !

ABSTRACT – stock market just hit another record high ! jobs looking very good. great book just out "a place called heaven" by dr. robert jeffress - a wonderful man !

### INTRODUCTION

the u.s. has gained more than 5.2 trillion dollars in stock market value since election day ! also record business enthusiasm. the issue of kneeling has nothing to do with race. it is about respect for our country flag and national anthem. nfl must respect this ! the fake news media will not talk about the importance of the united nations security council's 15-0 vote in favor of sanctions on n. korea ! the democrats should be ashamed.

this is a disgrace ! draintheswamp a working dinner tonight with prime minister abe of japan and his representatives at the winter white house (mar-a-lago). very good talks ! even those registered to vote who are dead (and many for a long time). depending on results we will strengthen up voting procedures ! thank you to ford for scrapping a new plant in mexico and creating 700 new jobs in the u.s. this is just the beginning - much more to follow.

A government shutdown will be devastating to our military...something the dems care very little about! yesterday was another big day for jobs and the stock market. chrysler coming back to u.s. (michigan) from mexico and many more companies paying out tax cut money to employees. if dems won in november market would have tanked! it was headed for disaster. on my way to pensacola florida. **NO COLLUSION!**<sup>DT</sup> see everyone soon! maga china is sending an envoy and delegation to north korea - a big move we'll see what happens!

make america great again! the failing @nytimes in a story by peter baker should have mentioned the rapid terminations by me of tpp and the paris accord and the fast.... stock market up 5 months in a row! i will be at the @usga uswomensopen in bedminster nj tomorrow. big crowds expected and the women are playing great-should be very exciting! weeklyaddress?? just arrived in taormina with @flotus melania. g7summit usa?? the reason i am staying in bedminster n. j. a beautiful community is that staying in nyc is ~~much more expensive and~~<sup>DT</sup> disruptive.

meetings! i am watching @foxandfriends anchors saying that I'm a very stable genius. So true!~~the democrats trying to defend the "you can keep you doctor you can keep your plan and premiums will go down" obamacare lie."~~<sup>DT</sup> thank you @usnavy! usa obamacare will explode and we will all get together and piece together a great healthcare plan for the people. do not worry! the fake news media is going crazy with their conspiracy theories and blind hatred. @msnbc and @cnn are unwatchable. @foxandfriends is great! getting ready to deliver a very important decision! 8:00 p.m. before i or anyone saw the classified and/or highly confidential hacking intelligence report it was leaked out to @nbcnews. so serious! with all that congress has to work on do they really have to make the weakening of the independent ethics watchdog as unfair as it.

## CONCLUSION

I will be leaving for florida today to meet with some of the bravest people on earth - but people whose lives have been totally shattered. am also working with congress on many fronts. congratulations to doug jones on a hard fought victory.

the write-in votes played a very big factor but a win is a win. the people of alabama are great and the republicans will have another shot at this seat in a very short period of time. it never ends ! we believe that every american should stand for the national anthem and we proudly pledge allegiance to one nation under god !

the united states has been reminded time and again in recent years that economic security is not merely related to national security -economic security is national security. it is vital to our national strength. apec2017 money pouring into insurance companies profits under the guise of obamacare is over. they have made a fortune.dems must get smart and deal ! sadly they and others are fake news and the public is just beginning to figure it out ! congress now has 6 months to legalize daca (something the obama administration was unable to do). if they can't i will revisit this issue ! we will remain fully engaged w/ open lines of communication as hurricanearvey makes landfall. america is w/ you ! @govabbott @fema @dhsgov just arrived at camp david where i am monitoring the path and doings of hurricane harvey (as it strengthens to a class 3).
